Robert Harris,  
GREYMOUTH

Everyday when I picked up my morning coffee, I knew I wanted to be part of this very respected Franchise.

After selling my hairdressing salon of which I had owned for 12 years, low & behold Robert Harris Greymouth was up for sale.

From the 1<sup>st</sup> interview in Auckland with David & Rod, I knew this was definitely where I wanted the next direction of my life to head.

The next stage of training in Palmerston North with Barney & Rose was a very essential part of knowing every aspect of running and owning a café. Their expertise made the transition so much easier.

Now my 1<sup>st</sup> year anniversary is here!

What a year it has been. With the support of head office, my support manager Rebecca and other Franchisees in this amazing network, I have just been awarded Rookie of the Year, and nominated for 'Most Improved Café and in sales growth at this years conference.

With hard work and determination I feel Robert Harris Coffee Roasters has given myself & my family the opportunity to achieve the future I was aiming for.
